### Curriculum Delivery Policy and Procedures

The institution has formulated its guidelines and protocol for the execution and provision of curriculum from its affiliated university, as well as for the inclusion of skill-based courses to enhance student learning. IQAC organises a comprehensive schedule of activities for the entirety of the academic year. Consequently, the course of action and its execution occur under the watchful eye of the Principal. Faculty members will be selected by the principal to oversee both curricular and co-curricular as well as extra-curricular activities. During the inaugural day of the academic year, a gathering of faculty members is organized to engage in a comprehensive dialogue about ensuring the successful execution of the curriculum. Numerous groups have been established to fulfill diverse obligations, aiming to enhance the delivery of the curriculum, such as the Committee for Information and Communication Technology (ICT) and the Committee for Monitoring Attendance. The academic responsibilities of all department heads will be communicated to them, along with the reminder to keep their academic records up to date in accordance with the curriculum. Teachers are driven to engage in seminars, workshops, conferences, refresher courses, orientation courses, and the organisation of lecture series in order to improve the overall quality. With the aim of fostering the holistic growth of the students, supplementary courses of shorter duration have been introduced. The IQAC keeps a close watch on all educational endeavours. The IQAC frequently sends out notices and instructions to department heads regarding the curriculum. A wide range of instructional approaches will be employed in the classroom to cater to the diverse requirements of different subjects. These methods will be consistently utilised to ensure the curriculum is effectively delivered. Implementation of regular internal assessments, Classroom group discussion, Courses-related seminars given by experts Practical assignments/ undertaking projects/ excursions and educational expeditions. The IQAC has requested that all subject heads and teachers complete the process of determining the Course Outcomes (COs), Programme Outcomes (POs), and Programme Specific Outcomes (PSOs). Furthermore, they have asked for these outcomes to be showcased on the college website, notice boards, and various social media platforms such as WhatsApp groups. The IQAC proposes a framework and instructions for evaluating the achievement of COs, POs, and PSOs. Assessing the curriculum's effectiveness relies heavily on receiving feedback from various stakeholders, including faculty members, students, alumni, and employers. At the conclusion of each academic year, the college gathers input from various individuals involved in its operations. This valuable feedback is then carefully examined by the dedicated feedback committee. The report on the actions taken is compiled and then shared with the relevant board of studies for the purpose of revising the curriculum, if needed. Moreover, the university places a strong emphasis on delivering a well-rounded and multidisciplinary academic experience that prioritizes the development of analytical reasoning, innovative solutions, and effective interpersonal abilities.
