REPORT
Ozone Day Celebration

The Ozone Day celebration was held in the college auditorium on 16th September 2024. The event was organized by the college's Environmental Club. The theme of this year's celebration was "Ozone for Life". The event started at 2 pm and was attended by students, faculty members, and guests.

The program began with a welcome speech by the club's president, who highlighted the importance of the ozone layer and the need to protect it. This was followed by a presentation on the causes and effects of ozone depletion. The presentation was given by a guest speaker, who is an expert in the field of environmental science.

After the presentation, there was a quiz competition on the topic of ozone depletion. The competition was open to all students, and the winners were awarded prizes. This was followed by a poster-making competition, where students were asked to create posters on the theme of "Ozone for Life". The posters were judged by a panel of experts, and the winners were awarded prizes.

The event concluded with a vote of thanks by the club's vice-president. The event was a great success, and we hope that it has raised awareness about the importance of the ozone layer and the need to protect it.
