Parul University

Parul University came into being during April-2015 vide an Act of State Legislature viz., Gujarat Private Universities Act, 2009 and Gujarat Private Universities (Second Amendment) Act, 2015 and has made long strides in the field of education in Gujarat. The fact that the University offers more than 160 different undergraduate, post graduate and doctoral degree programmes through 34 institutions across 21 wide ranging Faculties such as Medicine, Engineering, Pharmacy, Homocopathy, Ayurved, Management, Law, Fine Arts, Design, Arts, Commerce etc.... is a testimony to the commitment of the University for expanding in the area of higher education and the dedication of all stakeholders in providing a package of best managed delivery system. The University is spread over a sprawling 150 acres accommodating 100 academic blocks. The state-of-the-art university infrastructure also house the modern laboratories required for teaching and research purposes. The campus also boasts of excellent facilities for co-curricular activities of the students such as playground, gymnasium, swimming pool etc... There are about 28,000+ students studying in the University which reflects the popularity of the University among the student community. It is a constant endeavour of the University to achieve excellence in delivering different programmes. The University has carved a niche for itself in the field of providing placement to the graduating students. Special Units of the University such as the Entrepreneurship Development Cell, the Career Development Cell, the Training & Placement Cell ensure the overall personality development of the students. The University attracts a number of foreign nationals because of its outstanding global reach. At present, there are about 1200+ international students from 49 countries pursuing full time degree programmes in the University. A special cell by name "International Students Affairs Cell (ISAC)" is dedicated for admitting foreign students and also to monitor their progress in the university. AYUSH Hospitals of Parul University have the distinction of being accredited by NABH.

Report of National Level Webinar on Right to Information

Report: International Conference on Current Trends in Commerce, Management, and Economics

Date: June 14, 2020

Resource Person: Prof. A. N. Sarkar, Ex- Chair Professor, NABARD, Former Scientist, ICAR, New Delhi.

Introduction: The esteemed A.E. Kalsekar College of Commerce and Management recently organized a highly anticipated one-day international conference centered around the pertinent theme of "Current Trends, Policies, and Issues in the Field of Commerce, Management, Economics, etc." The conference served as a forum for esteemed scholars and experienced practitioners to engage in thoughtful discourse and critical examination of the ever-evolving terrain within these domains.

Conference Highlights:

Inaugural Session: The commencement of the conference was marked by an inaugural session that underscored the significance of remaining abreast of contemporary trends and policies in the realms of commerce, management, and economics. This emphasis on staying informed serves as a crucial foundation for making well-informed decisions.

Keynote Addresses: Distinguished authorities delivered keynote speeches, providing profound perspectives on nascent trends, policy ramifications, and hurdles within their respective domains. The selection of these addresses serves as a catalyst for shaping the intellectual discourse during the conference deliberations.

Panel Discussions: Thought-provoking panel discussions were expertly conducted, encompassing a wide range of topics including sustainable business practises, digital transformation, global economics, and various other subjects. The esteemed panellists contributed invaluable insights, thereby cultivating enlightening and intellectually stimulating debates.

Research Paper Presentations: Distinguished scholars and esteemed researchers showcased their erudite contributions encompassing a diverse array of subjects, spanning the realms of finance, marketing, organizational behavior, and economic policy. The presentations effectively fostered the exchange of knowledge and facilitated the generation of constructive feedback.

Networking Opportunities: The conference facilitated networking among participants, encouraging interdisciplinary interactions and collaborations among academicians, professionals, and students.

Outcomes:

Knowledge Enrichment: Attendees gained insights into the latest trends, policies, and challenges in the fields of commerce, management, and economics.

Advantages of R

R is a free, future-proof, open-source programming language that facilitates statistical computing and graphical libraries. R provides cross-platform support such as Windows, Mac, Linux, etc.

It is useful for many disciplines like data science, machine learning, data visualization, etc.

R is a very flexible programming language with a lot of varied applications in various sectors such as Academics, Finance, Banking, IT Sector, Manufacturing, and Social Media, etc.

R is used in the real world such as Cornell University, Microsoft, Amazon, Facebook, and Bank of America, etc.

The popularity of Statistical Programming language R is quickly overtaking SPSS and other "traditional" point-and-click software packages.

R is helping learners to bypass SPSS and all other paid Statistical packages altogether.

This WORKSHOP is for the very beginners in the area of DATA ANALYSIS using R. It will provide a bridge from EXCEL to R.

The participants are expected to have BASIC KNOWLEDGE of Statistics and Research methodology.

Report of National Level Workshop on “Data Analysis Using R”

Dates: 5th August 2020 - 8th August 2020

Resource Person: Dr. Suresh Sharma, Department of Statistics, Former coordinator, Centre for system Biology and Bio-infomatics, Punjab University

Introduction:

A.E. Kalsekar College of Commerce and Management, Nalasopara-w , conducted a four-day national-level online workshop on "Data Analysis Using R." The workshop aimed to equip participants with practical skills in data analysis through the utilisation of the R programming language.

Workshop Highlights:

Interactive Sessions: The workshop featured interactive sessions led by experts in data analysis and R programming. Participants engaged in hands-on exercises to learn how to process and analyse data using R.

Introduction to R: The workshop began with an introduction to R programming, covering its features, syntax, and applications in data analysis.

DataManipulation: Participants learned techniques for data manipulation, cleaning, and transformation to prepare datasets for analysis.

Statistical Analysis: The workshop delved into various statistical techniques and tests that can be performed using R, enhancing participants' ability to extract meaningful insights from data.

Data Visualisation: Sessions on data visualisation showcased how to create informative and visually appealing graphs and charts using R's visualization packages.

Practical Projects: Throughout the workshop, participants worked on practical projects to apply their learning and gain hands-on experience in real-world data analysis scenarios.

Outcomes:

Skill Enhancement: Participants acquired practical skills in data analysis using the R programming language.

Applied Knowledge: Attendees learned to manipulate data, perform statistical analysis, and create visual representations, enabling them to make informed decisions based on data insights.

Networking: The workshop fostered connections among participants, creating a platform for future collaboration and learning.

Conclusion:

The four-day online national-level workshop on "Data Analysis Using R" conducted by A.E. Kalsekar College of Commerce and Management provided an immersive learning experience for participants. By combining theoretical knowledge with practical exercises, the workshop equipped attendees with valuable skills in data analysis, empowering them to analyse and interpret data effectively using the R programming language.

Resource Person:

1.Dr. Pragati Hemrajani(Ph.D in mgmt)Agra

2.Dr. Rakhi Gupta (Assistant prof- university of varanasi)

Introduction: A.E. Kalsekar College of Commerce and Management, Nalasopara West, organized a four-day national-level workshop titled "Using Smart PLS (SEM) as a Research Tool." The workshop aimed to provide participants with practical insights into Structural Equation modeling (SEM) using Smart PLS software for advanced research analysis.

Workshop Highlights:

Expert Guidance: Renowned experts in the fields of research methodology and SEM led the workshop sessions, offering in-depth knowledge and practical guidance.

Introduction to SEM: Participants were introduced to the concept of Structural Equation modeling (SEM) as a powerful research tool for analyzing complex relationships among variables.

Smart PLS Software: The workshop extensively covered the usage of Smart PLS software, focusing on its features, functionalities, and applications in research.

Model Construction: Attendees learned to construct and validate SEM models, understanding how to define latent variables, indicators, and measurement models.

Data Analysis: Practical sessions demonstrated how to input and analyze data using Smart PLS, interpreting results to draw meaningful conclusions.

Hands-on Exercises: Throughout the workshop, participants engaged in hands-on exercises and case studies, applying SEM concepts using Smart PLS.

Research FDP: "From Synopsis to Thesis" Host: A.E. Kalsekar College

Date: July 9, 2020

Resource Person: Prof.(Dr) Yash pal singh

Summary:

A.E. Kalsekar College of Commerce and Management organized a focused Faculty Development Program (FDP) titled "A Paradigm for Research Synopsis to Thesis" on July 9, 2020. The event aimed to enhance participants' understanding of the research process, guiding them from the initial research synopsis stage to the completion of a comprehensive thesis.

Key Highlights:

Program Objective: The FDP aimed to equip educators with in-depth insights into the research journey, addressing the entire spectrum from crafting an effective research synopsis to successfully completing a thesis.

Expert Facilitation: Accomplished experts in the field of research methodology and academia were invited to guide participants through the intricacies of transforming a research idea into a well-structured thesis.

Synopsis Formation: Sessions covered the critical aspects of drafting an impactful research synopsis, focusing on problem formulation, objectives, literature review, and research methodology.

Thesis Construction: Participants gained insights into the systematic development of a comprehensive thesis, including data collection, analysis, interpretation, and conclusion drawing.

Interactive Workshops: The program included interactive workshops where participants engaged in practical exercises, enhancing their skills in framing research questions, conducting literature reviews, and organizing research findings.

Peer Learning: The FDP encouraged collaboration and knowledge sharing among participants, providing a platform to discuss challenges, best practices, and strategies for effective research execution.

Workshop Dates : 2nd July to 5th July 2020
Timings: 4 pm to 6.00 pm
Registration fees: Rs.400 FOR FACULTY
RS.300 FOR A RESEARCH SCHOLAR

INTRODUCTION TO SEM

Structural Equation Modelling is a powerful multivariate data analysis technique that is widely used in many areas of research. It allows both confirmatory and exploratory modelling, meaning SEM is suited for both theory testing and theory development. Factor analysis, path analysis and regression all represent special cases of SEM. Structural Equation Modelling finds wide-spread application in all the major fields of study such as Economics, Social Sciences, Biology, Psychology, Education, Healthcare, and Business.

FOLLOWING WOULD BE THE MODULE OF THE WORKSHOP

- (1). Introduction to SEM (2). Different Concepts and Terminology related to SEM
 (3). Exploratory Factor Analysis (4). Confirmatory Factor Analysis
 (5). SEM Analysis (6). Mediation Analysis (7). Moderation Analysis

Report of National Level Workshop on “Using Structural Modelling (SEM) as a Research Tool”

National Workshop on "Using Structural Modeling (SEM) as a Research Tool" Host: A.E. Kalsekar College of Commerce and Management, Nalasopara W

Dates: 2nd July to 5th July 2020

Resource Person: Prof. Dharmendra H. (NET/SET)

Overview:

A.E. Kalsekar College of Commerce and Management, located in Nalasopara West, organized a comprehensive four-day National workshop on the effective utilization of Structural Equation modeling (SEM) as a research tool. The workshop took place from July 2nd to July 5th, 2020, with the goal of enhancing participants' skills in employing SEM for research and analysis purposes.

Key Highlights:

Focused Objective: The workshop's primary aim was to familiarize participants with Structural Equation modeling (SEM) and its applications in various research contexts. SEM's ability to analyze complex relationships among variables was at the core of the training.

Expert Facilitation: Eminent experts with extensive experience in the fields of research and SEM were invited to lead the workshop. Their guidance provided participants with insights into SEM's theoretical foundations, practical applications, and nuances.

Comprehensive Learning: Over the course of four days, participants received a structured curriculum covering SEM's concepts, methodologies, and interpretation of results. The workshop encompassed both theoretical sessions and hands-on practical exercises.

Hands-on Practice: Participants were provided with opportunities to apply their learning through hands-on exercises involving SEM software tools. This practical aspect aimed to enhance participants' confidence and proficiency in using SEM effectively.

Real-world Case Studies: The workshop included real-world case studies showcasing the diverse applications of SEM in fields such as social sciences, business research, and healthcare.

Interactive Discussions: Throughout the workshop, interactive discussions, Q&A sessions, and peer-to-peer engagement were encouraged, enabling participants to clarify doubts and deepen their understanding of SEM concepts.

Impact: The workshop on "Using Structural Modeling (SEM) as a Research Tool" offered a transformative learning experience for participants. Attendees gained

a comprehensive understanding of SEM's capabilities, allowing them to incorporate this advanced analytical technique into their research projects.

Conclusion:

A.E. Kalsekar College's four-day National workshop on SEM provided a platform for participants to enhance their research skills by mastering the intricacies of Structural Equation modeling. Through expert guidance, hands-on practice, and interactive learning, the workshop empowered participants to utilize SEM effectively in their academic and research pursuits, thereby contributing to their professional growth and enhancing the quality of their research endeavors.

Research Methodology

TOOLS TO CHECK PLAGIARISM

- Licensing agreements with large databases
- Checks your work against thousands of scientific publications and academic books.

- Essentially uses Turnitin software for detecting plagiarism
- While Turnitin is available to Universities, Scribbr is available to students
- The results produced by Turnitin and Scribbr can be quite similar to each other as they perform plagiarism checks against the same databases.

Introduction: A.E. Kalsekar College of Commerce and Management, located in Nalasopara West, organized a comprehensive seven-day National Level Faculty Development Program (FDP) on "Research Methods and Analytical Techniques." The FDP took place from June 17th to June 23rd, 2020, with the objective of enhancing educators' proficiency in research methodologies and analytical tools.

Key Highlights:

Focused Objective: The primary aim of the FDP was to equip educators with a deeper understanding of various research methods and analytical techniques applicable across diverse academic disciplines.

Expert Facilitation: The FDP featured renowned experts and scholars in the fields of research methodology and data analysis. These experts shared their insights and experiences, enriching participants' knowledge and perspectives.

Comprehensive Curriculum: Over the course of seven days, participants engaged in a structured curriculum that covered a wide range of research methods, including quantitative and qualitative approaches. Analytical techniques such as statistical analysis, content analysis, and thematic analysis were explored.

Hands-on Workshops: Practical sessions allowed participants to apply the acquired knowledge to real-world scenarios. Hands-on workshops included demonstrations of software tools commonly used for data analysis, enhancing participants' technical skills.

Interactive Learning: The FDP encouraged active engagement through interactive discussions, group activities, and participant presentations. This facilitated knowledge exchange and peer learning.

Case Studies: Real-world case studies showcasing the successful application of various research methods and analytical techniques provided participants with practical insights.

Impact: The National Level FDP on "Research Methods and Analytical Techniques" had a significant impact on participants' teaching and research capabilities. Educators gained a comprehensive understanding of diverse research approaches and analytical tools, enabling them to enhance the quality of their academic guidance and contribute to robust research practices.

Conclusion: A.E. Kalsekar College's seven-day FDP on "Research Methods and Analytical Techniques" offered educators a platform to elevate their proficiency in research methodologies and data analysis. Through expert insights, hands-on workshops, and interactive discussions, participants were empowered to integrate a variety of research methods and analytical techniques into their teaching and research endeavors. The FDP contributed to fostering a culture of research excellence within the academic community and promoted the application of rigorous methodologies to advance knowledge across disciplines.

ANOVA Procedure: One-Way and Two Way

ANOVA is the statistical model that you use to predict a continuous outcome on the basis of one or more categorical predictor variables.

Assumptions

- Analysis of Variance assumes that
- 1) the observations on Y are independent,
 - 2) populations being sampled are normal,
 - 3) populations being sampled have equal variances

One Way ANOVA:

Analysis of variance for a quantitative dependent variable of a single factor. This is an extension of independent t-test when the number of levels of the factor is more than two. Typical assumptions are normality and constant variances for each level.

Two Way ANOVA :

A two-way ANOVA test is a statistical test used to determine the effect of two (nominal predictor(2 Factors) variables on a continuous outcome(dependent) variable. ANOVA stands for analysis of variance and tests for differences in the effects of independent variables on a dependent variable.

Report of National Level FDP on

“Using Advance Excel in Analysis of Quantitative Data for Social Research

FDP Report: "Using Advanced Excel in Analysis of Quantitative Data for Social Research"

Host: A.E. Kalsekar College of Commerce and Management, Nalasopara W

Dates: June 12-13, 2020

Resource Person:

- 1. Mrs. Jayashree Shetty**
- 2. Dr. Asha Jindal**

Summary: A.E. Kalsekar College of Commerce and Management in Nalasopara West organized a concise two-day Online National faculty development program (FDP) on "Using Advanced Excel in Analysis of Quantitative Data for Social Research." The FDP, conducted from June 12th to 13th, 2020, aimed to enhance educators' proficiency in leveraging Excel for data analysis in social research.

Key Highlights:

Focused Goal: The FDP's core objective was to equip educators with practical skills in using Advanced Excel techniques to analyze quantitative data relevant to social research studies.

Expert Facilitation: Esteemed experts specializing in both Excel proficiency and social research were invited to lead the FDP. Their guidance provided participants with insights into merging quantitative analysis techniques with Excel functionality.

Comprehensive Content: Over the two-day period, participants were introduced to a range of Advanced Excel features, such as data cleaning, manipulation, visualization, and statistical analysis.

Hands-on Workshops: Practical sessions facilitated participants' hands-on experience with Advanced Excel tools, helping them gain confidence in utilizing these techniques for real-world research scenarios.

Interactive Learning: The online format encouraged interactive discussions, Q&A sessions, and participant engagement, enhancing the overall learning experience.

Application to Social Research: The FDP emphasized the application of Advanced Excel skills to analyze and interpret quantitative data commonly encountered in social research studies.

Impact: The Online National FDP on "Using Advanced Excel in Analysis of Quantitative Data for Social Research" had a tangible impact on participants' research capabilities. Educators gained a practical understanding of leveraging Excel's advanced features to analyze and derive insights from social research data.

Conclusion: A.E. Kalsekar College's two-day Online National FDP successfully delivered practical insights into the synergy between Advanced Excel and quantitative social research analysis. Through expert guidance, hands-on workshops, and interactive discussions, participants were empowered to enhance their analytical skills using Excel tools. The FDP contributed to fostering a data-driven approach to social research and promoted the effective utilization of technology in academic endeavors.
