HEI is requested to kindly note that the data in this metric should not be more than the total number of students (Extended i.d 1.1) as provided in data template

**HEI Input :**

The Cumulative count of students who have received benefits from various financial assistance programmes such as Scholarships, Freeships, the zakat fund, Fee Waivers and COVID – 19 related fee waivers surpasses the total number of students. This is due to the fact that individual students have been beneficiaries of many forms of financial aid provided by both governmental and non-governmental schemes. During the academic year 2020-21, the data template provided comprehensive information on multiple programmes. As a result, there are variations in the number of students who have benefited from different programmes. The same has been rectified. I do hereby undertake to state that there is no data mismatch.
