**POLICY DOCUMENT  
FOR AWARD OF SCHOLARSHIP AND FREESHIP**

SHURPARAKA EDUCATIONAL AND MEDICAL TRUST, is dedicated to ensuring that students from socially disadvantaged backgrounds have equal access to higher education. Our college is dedicated to fulfilling its mission by providing support to students through the provision of scholarships and fellowships. Students are granted scholarships and freeships by various sources, including both our educational institution and private entities, as suggested by the College. The guidelines for granting scholarships and financial aid are outlined as follows:

- The Scholarship and Freeships Committee at the College has been established to identify and nominate deserving students for scholarships and freeships throughout the Academic Year. Every year, the Committee allocates funds for this purpose. The Committee is responsible for the management of all the documents pertaining to the subject matter. Various methods exist for granting scholarships and fellowships to students, commonly referred to as:
- The college offers a Special Scholarship Scheme to students using the interest earned from the term deposits. Various sectors contribute funds to the college for the benefit of underprivileged students. The college converts the fund into the Poor Fund Scholarship Scheme, which provides financial assistance to underprivileged students.
- The Government disbursed scholarships to students, which were deposited into their savings accounts at Nationalize Banks. Hereby, we present the information regarding the digital platform for student access.
- The Maharashtra government does not provide approval letters for scholarships and free-ships to any institutions within the state.

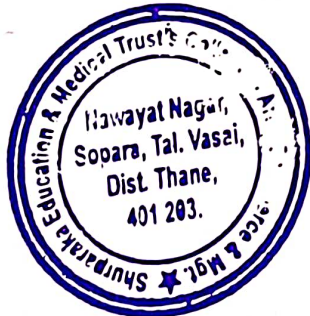

- Starting from the academic year 2010-11, the process of manual scholarship correspondence was discontinued. All communication regarding scholarships is conducted electronically within the given academic year. Students are responsible for submitting their scholarship information and documents online. The scholarship amount is approved based on the enclosed paperwork. The organisation receives comprehensive information regarding approved scholarships from the internet platform. All the information related to the scholarship, including the reference number, bill date, social category, academic term, student count, scholarship value, college contribution, and date of funds transfer to student accounts, can be found on the Scholarship Portal.

Websites of scholarship are as follows:

<https://scholarships.gov.in/>

[www.mahadbt.org.in](http://www.mahadbt.org.in) is available since 2017
