POLICY DOCUMENT OF PLASTIC FREE ZONE

2017-2018

Plastic pollution is currently one of the biggest environmental concerns. The short-term benefits and convenience of plastic and plastic goods have led to a boom in the production and consumption of plastic. Our college is conscious of its role in protecting environment by creating some specific area "NO PLASTIC ZONE". This will be followed within some specific zone of campus. The following guidelines encourage by our college to adopt policies and practices towards cleaner and plastic free campus:

- Conduct events on designing ecological and environment friendly goods to minimize the use of single use plastic.
- Ensure plastic-free campus in the institutions. Students and faculty must work towards this in mission mode.
- Ensure presence of alternative solutions like cloth bags to plastic bottles, covers and other goods on campuses.
- Conducting events and poster competitions etc. on designing ecological and environment friendly goods to minimize the use of plastic.

POLICY DOCUMENT THE GREEN CAMPUS

GREEN CAMPUS-

A Green campus is a place where education and environmental friendly practices are compositely used together to promote eco-friendly practices in the campus. The green campus concept allows the employees as well as students to create the sustainable development of environment : socially, environmentally and economically feasible.

OBJECTIVE-

To initiate this we are now maintaining a Policy Document to manage our strategy plans and other functions related to it officially.

We believe that green campus means using conventional energy resources for its daily needs of power, disposal handling purchase of environmental friendly supplies and generate recycling program.

Role of the Go Green Campus-

- 1-Search the views of stakeholders to make the Green Campus functional throughout the year.
- 2- To organize an environmental awareness program.
- 3-To save energy at college level with time bound plan and by the use of solar panel at the top of the college building and in open ground as well.
- 4- Purchase energy efficient computers also.
