Report on Arnala Beach Cleaning

Our college had organized a "Beach Cleaning Campaign" at Arnala on 14-July-2018, the main motive for this cleaning was to create awareness in our volunteers, local public, and students regarding cleaning beaches for healthy and safe living. As beaches are part of our country beauty and we must take care for not polluting water. Since water is essential part of our live. The message of this beach cleaning campaign is very clear to save water from dirt awareing our student the importance of cleaning and beauty of beaches. There were more than 30 numbers of students and volunteers participated into this campaign. Our nss teachers also took most care and initiative to make this campaign a success.

The main aim was to make entire people and our college student aware about the hygiene care and maintenance of beach. Student participated in huge number to make it a success. Students took brooms, gloves, cleaning tray, long stick brooms and also posters and hammers along. NSS teachers took utmost care of their student in all this cleaning. Student also made a dumping pit for all local people to drop their unwanted waste into this pit and keep the beach clean.

Over all it was a great experience to all our students and teachers.

Report Cleaning of Beaches during Ganpati.

Our college had organized a movement to clean the beaches after the Ganesh Festival. The movement took place on 14-sep-2018. The students and teachers of A. E. Kalsekar College went to the beach on 14th Sept with the motive of cleaning the Aruna beach. It was a huge movement with our volunteers, teachers and students. The main motive of conducting the campaign was to make our college students and other local people aware about the dangerous and poisonous effect of Ganesh idols being immersed in the oceans.

As devotees bid farewell to Lord Ganesh on the final day of Ganesh Chaturthi, beaches across vasa and vasa were left in a mess. Debris of idols lay strewn across these beaches. At the crack of dawn, volunteers poured in to help the Municipal Corporation clean up the debris. Students, teaching and non-teaching staff gathered at the Aruna beach, shouldering the responsibility to weed out plastic and idols that washed on the shore. We picked up plastic and ensured that it doesn't harm our environment and beaches. We started the drive early in the morning and removed almost 30Kgs of waste and trash material.

The NSS volunteers took good care of students with safety and precautions. The students and our NSS team conducted the campaign with huge banners and posters, etc. Overall it was a huge success. On the beach itself we had a lecture on cleanliness by Mr. Suresh Sir, one of our faculty members where he delivered a speech on the side effects of dumping the idols into sea water. To save the marine

life and the environment from getting polluted we can use alternate Ganesh idols in spite of POP. Also we can try to dump the waste and other puja materials in proper dustbins or a compost pit to avoid the mess and unhygienic.

It was a successful movement where the teachers and students actively participated to remove all the waste materials like bottles, flowers, plates, eatables and other plastic wastes. We hope the movement will benefit the society and for the upcoming years we will have a safe and eco-friendly Ganesha Chaturthi. there were around 33 number of student participated in this cause.

Our college had conducted online webinars for faculties, students, as well as doctorates during the COVID-19 PANDEMIC. Since the environment of the country was very much sensitive and worried full we all took utmost care to rejoice the situation and take the advantage of lockdown by providing online webinars and seminars for all the teaching staff and students via zoom online platform, this has made many faculties to develop their inner growth for the betterment of tomorrow and to learn even by sitting at Home with the latest technologies and social platforms. This pandemic has also thought all of us that nothing can stop your learning and limits. There were many teachers and students who took advantage of the webinars and this has built a self-learning, experience and knowledge for a good career ahead. Our College made the situation so comfortable and knowledgeable to all that every webinar was a fruitful one.

Structural Equation Modelling (SEM)

- Structural equation modeling is a multivariate statistical analysis technique that is used to analyze structural relationships.
- This technique is the combination of factor analysis and multiple regression analysis, and it is used to analyze the structural relationship between measured variables and latent constructs.
- Structural equation modeling (SEM) encompasses such diverse statistical techniques as path analysis, confirmatory factor analysis, causal modeling with latent variables, and even analysis of variance and multiple linear regression.
- SEM is an extension of the general linear model (GLM) that enables a researcher to test a set of regression equations simultaneously.

Using Structural Equation Modelling (SEM) as Research Tool

Workshop Dates : 2nd July to 5th July 2020

Timing: 4 pm to 6.00 pm

Registration fees: Rs. 400 FOR FACULTY

RS.100 FOR A RESEARCH SCHOLAR

INTRODUCTION TO SEM

Structural Equation Modelling is a powerful multivariate data analysis technique that is widely used in many areas of research. It allows both confirmatory and exploratory modelling, meaning SEM is suited for both theory testing and theory development. Factor analysis, path analysis and regression all represent special cases of SEM.

Structural Equation Modelling finds wide-spread application in all the major fields of study such as Economics, Social Sciences, Biology, Psychology, Education, Healthcare, and Business.

FOLLOWING WOULD BE THE MODULE OF THE WORKSHOP

- (1). Introduction to SEM (2). Different Concepts and Terminology related to SEM
- (3). Exploratory Factor Analysis (4). Confirmatory Factor Analysis
- (5). SEM Analysis (6). Mediation Analysis (7). Moderation Analysis
