Report on Aids Awareness Programme.

Date: 01st Dec 2018

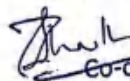

World AIDS Day, designated on 1 December every year since 1988, is an international day dedicated to raising awareness of the AIDS pandemic caused by the spread of HIV infection and mourning those who have died of the disease. World AIDS Day takes place on the 1st December each year. It's an opportunity for people worldwide to unite in the fight against HIV, to show support for people living with HIV, and to commemorate those who have died from an AIDS-related illness. Founded in 1988, World AIDS Day was the first ever global health day.

World AIDS Day may be once a year, but you can still support people living with HIV all year round. So, with this motive Our college had organized a program on Aids Awareness on Saturday, 1st Dec 2018. The program started at 11 am in the AV Room and was headed by one of the faculty members Mrs. Rohita Raut. There were 50 number of students who participated in the program including our NSS volunteers and students.

It was a great program conducted by our colleague on Aids Awareness, its sign and symptoms, HIV Transmission, its prevention and cure. The main motive of conducting the program was to provide an opportunity to educate students about the importance of HIV prevention, research, HIV testing, and the issues for particular population groups. The slogan, posters and banners revealed it all. Also the NSS volunteers took it as a pride to wear the Red Ribbon symbolizing Aids Awareness. Overall it was a huge success with a lot of knowledge exchange and clearing concepts.
