POLICY DOCUMENT THE GREEN CAMPUS

GREEN CAMPUS-

A Green campus is a place where education and environmental friendly practices are compositely used together to promote eco-friendly practices in the campus. The green campus concept allows the employees as well as students to create the sustainable development of environment : socially, environmentally and economically feasible.

OBJECTIVE-

To initiate this we are now maintaining a Policy Document to manage our strategy plans and other functions related to it officially.

We believe that green campus means using conventional energy resources for its daily needs of power, disposal handling purchase of environmental friendly supplies and generate recycling program.

Role of the Go Green Campus-

- 1-Search the views of stakeholders to make the Green Campus functional throughout the year.
- 2- To organize an environmental awareness program.
- 3-To save energy at college level with time bound plan and by the use of solar panel at the top of the college building and in open ground as well.
- 4- Purchase energy efficient computers also.
